I am authorizing 32 hours for offsite work this week. Besides T&D for the RCRA waste on Property 2, I would like you to work on the RFQ for the drums and totes (the chemist not calling you back is getting tiring for me) and also begin to work on a work plan for Property3. I spent some significant time over there on Friday. I took some measurements.

It is pouring rain today. Even if we get results, we cannot excavate today :(

I will keep in touch with you during the week
Thank you
Chris

Chris,
Hi. Thank you for being generous with the hours this week, I used 30. I'll need some next week if you could please authorize on DWO.

Are you looking to be on schedule to get out of there next week? Hopefully we'll be able to get 2 days of shipping RCRA soil in.

Have a great weekend.
Thanks again.
